CORONA VIRUS UPDATE

As everybody is aware, COVID-19 is causing a shut-down of non-essential businesses.

In order to minimise any risk to our patients and staff of contracting Covid 19 we will be postponing any non-essential treatment.

However, we will be here to care for our patients that are experiencing genuine dental emergencies such as PAIN and SWELLING.

We ask if that if you or anybody that you have been in contact with have any flu-like symptoms including cough, sore throat, shortness of breath, body aches, runny nose, fever, vomiting or diarrhoea please let us know on the phone so we can arrange for alternative treatment until you are given the all clear.

Thank you,

Terrigal Beach Dental
